

MOHAN MANDAL

Aspiring Full Stack Web Developer

mandalmohan2323@gmail.com | +91 89271 17514 | Barasat, West Bengal, India | github.com/mohan5535

CAREER OBJECTIVE

BCA (Honours) undergraduate (6th semester, Brainware University) with hands-on experience building full-stack web applications using the MERN stack. Comfortable across frontend, backend, and database layers, with proven project delivery and hackathon experience. Seeking an internship or entry-level role as a Full Stack / Web Developer to apply and grow technical skills in a real-world team environment.

EDUCATION

Bachelor of Computer Applications (Honours) — Brainware University (4-Year Program)

3rd Year, 6th Semester

Currently pursuing (Expected graduation: 2027)

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript

Frontend: HTML, CSS, Bootstrap, JavaScript, React.js

Backend: Node.js, Express.js

Database: MongoDB, SQL

Tools: Git, GitHub

PROJECTS

Ticket Booking System

- Console-based ticket booking application built in C, implementing seat selection, booking, and cancellation logic using structures and file handling.
- Designed core logic for data storage and retrieval to simulate real-world booking workflows.

Gym Management System

- Full-stack web application built with PHP, HTML, CSS, and JavaScript to manage gym members, plans, and payments.
- Implemented CRUD functionality for member registration, subscription tracking, and admin dashboard.

CERTIFICATIONS & ACHIEVEMENTS

- Participant, Smart India Hackathon (SIH) — represented team in national-level hackathon
- Participant, IBM ThinkFest Hackathon

ADDITIONAL INFORMATION

- Actively building projects using the MERN stack (MongoDB, Express.js, React, Node.js)
- Open to internships and entry-level full-stack / frontend / backend developer roles
